

Prayer

We are deeply conscious of our weakness;
we pray for strength and power. Many times
we fail to do what we should; help us to
make our lives useful and helpful to
others.

Give us sweet hours of quiet and repose,
keep us from becoming anxious or complaining?

Help us ever to use Thy blessing that of
those near and far away, some may be
led to know and to love thee.

Help us to so live that our lives
shall be a testimony of our love for thee
and thankfulness to thee, for Jesus' sake..
Amen.
